

MAY SEIZE SHIPS AS NEXT STEP IN LAW ENFORCEMENT

Government Prepares to Take Extreme Steps on Liquor

(By The Associated Press)
WASHINGTON, June 27.—The government today prepared to take the extreme step in enforcing the supreme court ban against liquor of seizing ships which bring intoxicating beverages whether in cargo under foreign government's custom seals. Continued, if not studied violation of the court's decision by an increasing number of foreign vessels entering New York with large quantities of beverage liquors under seal, it was said, apparently made necessary the drastic penalty of seizure not only of the ships but of the liquor itself. Officials declared privately that the present practice could not be tolerated much longer and steps to invoke the extreme penalties of the Volstead act were said to be imminent.

High government officials at a series of conferences today discussed the situation and the steps necessary to enforce observance of the nation's prohibition laws as applied to vessels without American territorial waters. A new treasury regulation was reported to have been drafted providing for additional directions to customs officers to seize all vessels found bringing in beverage liquors, even under foreign customs seals, after adequate notice to foreign governments of the new and more drastic policy.

The instructions also would provide for the arrest of the captain of such ships.

No official announcement.

No official announcement of the government's plans was made today information of the consideration of the ship seizure policy developing from the conferences. It was stated, however, that an official statement might be expected in a very few days.

Participating in today's conferences were Secretary Hughes and other state department officials, acting Secretary Gilbert and assistant Secretary Moss in charge of customs of the treasury department, Commissioner Blair of the internal revenue bureau, prohibition Commissioner Haynes and assistant Commissioner Jones chief counsel of prohibition headquarters and others. A day full of conferences on the situation was concluded late today with one between Secretary Hughes and Mr. Gilbert, on which neither later would comment.

If the new treasury regulations should be promulgated, it was stated that ample notice would be given foreign governments and shipping lines.

The Volstead law's ship seizure provision it was explained in official quarters had not been invoked for several reasons among them a reluctance to act in any way which might precipitate serious disputes with foreign governments.

TWO KILLED WHEN AIRPLANE CRASHES

(By The Associated Press)
DENVER, Colo., June 27.—Two persons were reported killed early this evening when an airplane in which they were flying over the eastern suburbs of Denver crashed to the ground.

Persons who assisted in locating the bodies from the wrecked plane identified them as Bert Cole, well known Denver aviator, and George E. Lyle, his mechanic.

Witnesses who saw the plane in the air a moment before it fell said that one wing was seen to fall from the machine just before the fatal plunge to earth.

FEAR OF JAIL CAUSES SUICIDE

Peoria, Ill., June 27.—Fear that he might be imprisoned for violation of the prohibition law is believed to have caused Jesse Fitzgerald, 50, bachelor of Cambridge, to kill himself when he was arrested in his home by officers looking for a raid in search for moonshine. Fitzgerald shot himself thru the head with a 22-caliber rifle while left in a room alone when the officers went thru his house. A still in operation 80 gallons of mash, and 10 gallons of finished moonshine were found in a dugout under the residence.

SISLER SAYS HE EXPECTS TO PLAY

St. Louis Mo., June 27.—George Sisler, first baseman for the St. Louis Americans, who has been out of the lineup this year on account of eye trouble, said tonight he expected to play in quite a number of games before the current American League season ends, but would not say definitely when he would return to the game.

ILLINOIS BANKERS ELECTED OFFICERS FOR ENSUING YEAR

Chicago Was Selected as Meeting Place for 1924

(By The Associated Press)
ROCKFORD, Ill., June 27.—With about fifty members of the Illinois Bankers' association remaining for the annual golf tournament, state bankers closed their meeting here today with election of officers and tentative selection of Chicago for the 1924 meeting place, a lake trip to be included.

Officers named were: M. A. Traylor, Chicago, president; Wayne Hummer, LaSalle, vice-president; I. E. Merritt, Hoopston, treasurer; M. A. Graettinger, Chicago, secretary; Olive S. Jennings, Chicago, assistant secretary.

Candidacy of Mr. Traylor for the office of second vice-president of the American Bankers' association will be pushed by the association.

Endorsement of a mutual insurance company to be formed of member banks was the most important action of the convention. Organization of the company was completed and the following officers elected.

William George, Aurora, president; J. E. Mitchell, Carbondale, and Omar H. Wright, Belvidere, vice-presidents; J. A. Cathcart, Sidell, treasurer, and A. M. Gaettinger, Chicago, secretary. The convention expressed itself against government ownership of railroads and branch banking.

FORMER SECRETARY OF STATE GIVEN NEW TREATMENT

Robert Lansing Improves Under Diabetes Treatment

(By The Associated Press)
WASHINGTON, June 27.—Robert Lansing former secretary of state has been seriously ill from diabetes but is said by his physicians to have shown great improvement under the administration of insulin the new remedy recently developed in Canada.

Unknown to any but his most intimate friends, Mr. Lansing has suffered from diabetes for several years and has confined himself to a severe anti-diabetic diet which resulted in a state of great physical debility. Six weeks ago he entered a hospital and was given the insulin treatment. He responded at once, it is said.

Not only has he gained greatly in flesh and in strength, but his dietary restrictions have been completely removed.

ADMITS SURPLUS WAS NOT INCLUDED

(By The Associated Press)
CHICAGO, June 27.—Admission that a thirty-two million dollar unappropriated surplus of the Chicago, Rock Island and Pacific railroad company not included in the exhibits in the case of the railroad against the state of Iowa, alleging discriminatory rate assessments, was made by A. Hermany, assistant general auditor of the railroad today.

The admission on the part of Mr. Hermany came after prolonged investigation by Clifford Thorne, for the state of Iowa. The exhibition in question had showed a deficit for the railroad in the year 1920, which was part of the government's guarantee period, following the relinquishment of federal control. According to B. U. Gibson, attorney general for the state of Iowa this was the most important admission obtained from the road since the hearing began. Several other important admissions upon which the Iowa railroad commission expects to build up some of its cases was obtained.

When Mr. Hermany concluded his testimony late today, H. G. Gamble, Iowa, resident attorney for the road announced that the company was ready to adjourn the hearing here. Judge Scott M. Ladd, who is hearing the case said the hearing would be resumed at Des Moines on July 5.

ORDERS DOPE CASE DISMISSED

Chicago, June 27.—Attorney General Harry M. Daugherty's office has directed District Attorney Edwin Olson here to dismiss charges of smuggling dope to prisoners in the Will county jail placed against Evan J. Isaacs former guard in the jail it was announced here today. The jury disagreed in a trial of Isaacs on this charge and he was facing a retrial when the instructions arrived from Washington.

SLIGHT ERUPTION OF MOUNT ETNA

Rome, June 27.—(By The A. P.)—There was a slight resumption of the eruption of Mount Etna today. It was merely a transitory phase of the phenomenon, however, such as may occur frequently until the volcano finally becomes quiet.

CHICAGO LICENSE MEASURE VETOED BY GOVERNOR SMALL

Says Method of Taxation Not Fundamentally Sound

(By The Associated Press)
SPRINGFIELD, Ill., June 27.—Governor Small today vetoed the Chicago license bill permitting the licensing of practically all mercantile and industrial establishments. He declared in a veto message that the method of taxation proposed is "not fundamentally sound."

The governor has had this measure under consideration since Monday when a general hearing on the bill was held. It was strongly backed by the present Chicago City administration and was opposed by the Illinois Manufacturers' association and many other commercial bodies.

Noting that the taxpayers are hostile to greater and heavier taxes, especially for purposes for which the ordinary means of raising revenue should be adequate, the governor declared that the bill provides "a method of taxation which is not fundamentally sound and which if carried to extremes uncalculated as in the proposed act might wreck and ruin many legitimate lines of commercial and industrial enterprise."

After signing 47 bills and vetoing two today Governor Small still has 127 measures before him to dispose of before next Saturday afternoon. The other bill vetoed was house bill 559 introduced by Representative Rennie, which provided that the names of candidates for the nomination for office of police magistrate shall be placed upon the ballot under the appropriate title of the office after the names of the candidates for the office of commissioner.

A number of sections had been left out of the measure as it reached the governor and for that reason it was vetoed.

NEWSPAPER MEN'S FUNERAL IS HELD

(By The Associated Press)
DENVER, Colo., June 27.—Funeral services of Thomas French and Thomas F. Dawson, both of Denver, victims of Sunday's automobile accident in Bear Creek Canyon, were held here today.

President Harding sent a floral offering to each. The party, of which Dawson and French were members was made up of Washington newspaper correspondents accompanying the president on his trip to Alaska and local newspapermen.

Mr. Dawson for many years was attached to the Washington staff of The Associated Press and was widely known among newspapermen and public officials. Flowers were received from newspapermen all over the country.

Mr. French was a statistician for the Great Western Sugar company and widely known. Representatives of Washington correspondents and of the Denver Press club attended the funerals. Donald Craig, injured in the accident was improving rapidly at St. Luke's hospital tonight according to an announcement. Mrs. Craig arrived from Washington late today to be with her husband who is the Washington correspondent of the New York Herald.

FORD FOR PRESIDENT CLUB IS ORGANIZED

(By The Associated Press)
CHICAGO, June 27.—Active campaigning for Henry Ford for president has been launched in Chicago with the formation of a Chicago Ford For President Club and the circulation of petitions endorsing the Detroit automobile manufacturer as a candidate in the 1924 race.

Dr. P. L. Clark, a physician is temporary president of the club. "Ford is a certain entry in the 1923 presidential contest regardless of any action taken by the Republican and Democratic conventions," Dr. Clark declared.

LINCOLN MAN TRIES TO SUICIDE

Lincoln, Ill., June 27.—H. J. Mayer, former treasurer of Logan county, and now secretary of the Logan County Building and Loan association, shot himself in the neck this afternoon, and is now in a local hospital in a critical condition. No apparent cause for Mr. Mayer's action has been discovered.

House Of Commons Suspends Scotchmen

(By The Associated Press)
LONDON, June 27.—Three Scottish labor members, James Maxton, J. Wheatley and Rev. Campbell Stephen, were suspended from the house of commons this evening after a stormy scene over a proposed reduction in the appropriations for child welfare in Scotland during discussion of the Scottish estimates usually a most peaceful topic.

Maxton and Wheatley denounced those favoring the reduction, notably George Banbury, a labor member for Poplar as "murderers" and refused to withdraw despite the advice of J. Ramsay MacDonald parliamentary labor leader. They also refused summons to leave, whereupon they were formally named by the speaker and the home secretary moved their suspension, which was carried 258 to 70.

Then the Rev. Mr. Stephen arose and excitedly repeated that Mr. Banbury was a "murderer." He also refused to withdraw, was named by the speaker and suspended by a vote of 276 to 60.

Hardly had the hubbub subsided when another Scotchman, G. Buchanan, got into trouble. Emanuel Shinwell was commenting on the demeanor of the ministerialists, when Sir George Hamilton was understood to have made some reference to a Jew with regard to Shinwell. This latter resented also he said he was proud of being a Jew. Immediately a clamor arose on the labor benches for the suspension of the offender.

Buchanan roared: "White livered cowards, dirty dogs" and similar epithets, while the Chaney J. F. Hope said he had not heard any offensive remark. Buchanan continued shouting, accusing the chair of partiality. He refused to take his seat and was suspended, 286 to 58.

Sir George Hamilton eventually apologized to Mr. Shinwell and quiet was restored.

GOVERNOR WALTON WILL STAMP OUT OKLAHOMA MOBS

Says He Will Put Troops in Every County if Necessary

(By The Associated Press)
OKLAHOMA CITY, Okla., June 27.—Reiterating his determination to stamp out activities of lawless mobs within the borders of Oklahoma, Governor J. C. Walton, today declared he was ready to place every county in the state under military rule for the next three years if such drastic action proved necessary to suppress masked violence.

Having clamped martial law down upon Oklahoma county where he charged that mob outrages had been occurring for months, the governor let it be known that four other counties were on the "verge" of military rule.

Cado county was named by the executive as one of the counties where troops may be sent.

Declaring that his efforts to get results thru the regular civil agencies had been without success, Governor Walton said: "Local officials are too often allied with these so-called lawless mobs."

"It seems impossible to get a toe-hold anywhere so that prosecutions of mob violators are as rare as I find all over the state, county officials, who are apparently in league with elements which are taking the law into their own hands."

"Local conditions made it impossible to execute ouster proceedings against county officers remiss in their duties," the governor asserted.

"Officials ignore whippings and assaults," he declared, adding that the number of such cases was "appalling."

ACTION ON INDICTMENTS TO BE TAKEN TODAY

(By The Associated Press)
INDIANAPOLIS, Ind., June 27.—Action on indictments charging a total of 127 mine operators and mine union heads and 99 corporations with conspiracy in restraint in the production and sale of bituminous coal returned by the federal grand jury in the United States District Court here in a period from February 24, 1920, to February 25, 1921, will be taken in federal court tomorrow before Judge A. B. Anderson, it was announced tonight by Harry M. Daugherty, attorney general of the United States.

While Mr. Daugherty declined to state what action the government would take the opinion was advanced in federal circles that he case will be dismissed, perhaps with some action to protect the government should it desire to take action in a similar case later.

REVISION OF INCOME TAX FAILS

Madison, Wis., June 27.—Attempted revision of the Wisconsin income tax laws to shift \$8,000,000 of taxes from real property to individuals and corporations for support of state educational institutions failed today when the senate killed, by a 16 to 15 vote, the amended Dahl general income tax bill. This was the last of six revenue measures all of which met death in the upper house after the assembly had passed them by large votes.

MUST OBEY LAWS TO REMAIN FREE

Atlantic City, N. J., June 27.—America is a nation free thru law, and must observe its laws to remain free, Ed. S. Vaught of Oklahoma City, declared today in his presidential address before the annual convention of the International Association of Lions' Clubs. More than 1,000 delegates from every state in the United States and four provinces of Canada, were present.

PHONE COMPANY REFUSES BOOKS TO COMMISSION

Requested to Ascertain Profits of Long Distance Calls

(By The Associated Press)
CHICAGO, June 27.—William D. Bangs, attorney for the Illinois Bell Telephone company, today refused to produce the company's books in the rate case hearing before the Illinois Commerce Commission. At the same time he expressed the opinion that the same action would be taken by the American Telephone and Telegraph company.

The books were requested by Stephen A. Foster, special assistant corporation counsel for examination as to the profits made on long distance calls. Whether the commission will take action to force the books before the hearing was not indicated.

U. F. Cleveland, general accountant for the Illinois company today testified as to the relationship existing between the American Telephone and Telegraph company and the Illinois company. The hearing, at which a reduction of rates is being asked will continue tomorrow.

COMBINATION IS FIXING NITRATE PRICES IN U. S.

Brand Says it Forces This Country to Pay High Prices

(By The Associated Press)
WASHINGTON, June 27.—A combination of British and Chilean interests is controlling prices and production of nitrate and forcing the United States, which buys half of the nitrate exported from Chile, to pay higher prices than are warranted, according to Charles J. Brand, marketing specialist of the department of agriculture.

After a study of the situation in Europe, Mr. Brand has made a report in which he asserts that control of prices for Chile nitrates practically rests with a London committee made up of representatives of British nitrate houses.

"In consequence of the existence of a producers' association controlling about 97 percent of the output, and the methods of operation pursued thereunder," says Mr. Brand, "competition which might force efficiency and economy in the production of the fertilizer is virtually eliminated and the United States is left without any say as to the price."

"The present method of price fixing affords no incentive to efficient production and thus keeps prices higher than they need be."

OFFICIAL STOPS KLAN SPEECH IN DENVER

(By The Associated Press)
DENVER, Colo., June 27.—Rice W. Means, director of public health and safety today stopped a meeting being held in the municipal auditorium at which Dr. G. C. Minor from the headquarters of the Ku Klux Klan, Atlanta, Ga., was to have been the principal speaker.

The meeting had been advertised as a Klan lecture and several thousand men and women had assembled in the auditorium. Dr. Minor appeared alone on the stage and said that if anyone who objected to his proposed lecture would stand up and say so that he would not speak.

Father Walsh, of the Church of Immaculate Conception was the first to stand and voice objection. The priest was attired in the uniform of an army chaplain.

"All right," said Dr. Minor. "If you object I will not speak."

Others jumped to their feet, some protesting the proposed talk and others expressing a desire to hear it. In the confusion Safety Director Means took the floor and called off the meeting declaring that he had promised to forbid the address if objection to it was raised.

RELIGIOUS INSTRUCTION FAVORED FOR PUPILS

Aurora, Ill., June 27.—Enactment of laws under which pupils would be excused from schools several hours each week for religious instruction was favored here today at the sixty-fifth annual convention of the Illinois Sunday School association.

Delegates to the association meeting also voted in favor of religious instruction in vacation time thru religious schools.

MAKE UNEXPECTED PROGRESS ON JURY IN CONSPIRACY CASE

Four Jurors Were Accepted and Sworn in Wednesday

(By The Associated Press)
WAUKEGAN, Ill., June 27.—Unexpected progress was made today in the "jury fixing" trial of Juror John B. Fields, Eddie Kaufmann and Eddie Courtney, in the Lake county circuit court, when four jurors were accepted by both sides and sworn in for service in the trial.

The defendants are charged with conspiracy to corrupt the jury which heard the case against Governor Small here last year. The acceptance of four jurors today was better progress than had been expected and forecast the presentation of evidence in the early part of next week.

Although more than a score of veniremen have been excused for cause, only two have been dismissed on peremptory challenges, 30 of which rest with each side. Those agreed upon by both state and defense and sworn today are Jacob Corris and Oliver Patch, farmers; C. E. Wheelock, a taxicab driver of Wauconda and H. L. Hillman, a cattle shipper of Lake Zurich.

Joseph Dada, a garage owner of Warren township and said to have been active in Lake county politics during the past three years had been accepted but was later dismissed on the peremptory challenge of the defense.

Of the four jurors accepted, two, Corris and Patch are under 30 years of age. Wheelock and Hillman are about 45 and 60 respectively.

With a special panel of 55 veniremen summoned today by Sheriff Edward Haelstrom more than 100 citizens have been called for service in the case.

Another list of 50 names is being presented.

A new angle in the interrogation of prospective jurors was introduced by the defense when the veniremen were questioned as to their connections "with reform societies, or organizations for the suppression of crime or vice. Each was asked if evidence of crimes not mentioned in the indictment on which this trial is based would prejudice the juror against the defendants.

PROTESTS SEIZURE OF JAP SHIP LIQUOR

(By The Associated Press)
HONOLULU, June 27.—Captain Watanabe of Toyo Kisen Kaisha Line Korea Maru, from which American customs officers removed 392 quarts of liquor yesterday under the dry ship ruling of the United States supreme court today protested vainly against the seizure.

The captain injected a three cornered international element into the situation when he called attention to the fact, that although his vessel was of Japanese registry, she had cleared from a British port, Hong Kong, for San Francisco, and that under British board of trade regulations, she had to carry as a part of her clearance conditions five gallons of brandy and eight gallons of wine for each 100 lives aboard.

Dr. E. A. Sweet, chief quarantine officer at Honolulu, ruled, however, that 25 quarts of liquor was a sufficient medicinal supply to carry the vessel to San Francisco and in doing so he said he had taken full cognizance of the 779 persons aboard, the tonnage of the ship, the race of her passengers, the race of her surgeon and possible emergencies such as shipwreck in which medicinal liquor would be a necessity.

Following Dr. Sweet's decision the Korea Maru cleared for San Francisco with her 25 quarts of liquor aboard.

Captain Watanabe took a receipt from the customs officers for the 292 quarts that had been seized.

GERALDINE FARRAR IS GRANTED DIVORCE

(By The Associated Press)
NEW YORK, June 27.—Miss Geraldine Farrar, opera singer, was granted a decree of divorce from Lou Tellegen, her actor husband, by Justice John Tierney of supreme court today. The decree was granted on recommendations of Referee Mahoney who conducted the divorce hearing.

Under the interlocutory decree Miss Farrar was permitted to resume her maiden name and was given the privilege to marry again. This privilege was denied Tellegen, who was directed to pay the cost of the action. The decree will not become final until three months from today.

CHARGES LAXITY OF ENFORCEMENT AGENTS

Toronto, June 27.—Laxity on the part of prohibition enforcement agents in the Detroit district in fighting the beer smugglers was charged today by Chairman James Hales, of the Ontario Bureau of License Commissioners when informed that the owner of a sixty-four foot launch anchored in Canadian waters was taking advantage of dominion export laws to sell the foaming beverage.

TWO MORE LINERS WITH LIQUOR UNDER SEAL ARRIVE IN N.Y.

Makes Total of Thirteen Seals Broken on Only Four

(By The Associated Press)
NEW YORK, June 27.—Three more foreign liners, the Chicago of the French Line the Olympic of the White Star and the Cunarder Saxonia, arrived in port today with their return supplies of liquor under government seals. This brings to thirteen the total of arrivals to test the recent treasury department ruling prohibiting the carrying of liquor into United States ports. Of these the seals of only four have been broken so far. They are the Baltic, the Boreangia the Paris and the Cedric.

No seizures were made today, and shipping officials predicted that if hasty action were not taken some of the liners would be kept in port over their schedules.

The latest arrival, the Saxonia, which came thru Quarantine late today, carried under the British crown seal 69 1-2 gallons of wine, 110 1-2 gallons of spirits and 3,501 bottles of ale and stout.

Diplomats Get Job Representatives of lines here said today that the problem would be left for solution to diplomatic agents in Washington. They refused to comment on reports from Washington that a resolution prohibiting the bringing of liquor into United States parts under penalty of seizure of the ship as a liquor carrier and arrest of the captain had been agreed upon.

The Finland of the American Line arrived with nothing but her medicinal liquor supplies, having dumped her excess before crossing the three mile limit. Just as the liquor was heaved over the side a bolt of lightning struck one of the masts.

Superstitious seamen considered this an omen of disapproval of such waste, it was said.

The Paris sailed out with her broken seals still hanging to the wine room door and 12,000 pints of wine and spirits on board allowed for medicinal purposes by Dr. E. K. Sprague, public health officer here.

Reports from London intimating that the failure of foreign vessels to return supplies had discouraged line officers, and that several liners were putting out with only one way supplies of drinks.

FISHERIES TREATY APPROVED BY ENGLAND

(By The Associated Press)
OTTAWA, June 27.—Approval of the North Pacific Halibut Fisheries treaty between the Canadian and United States governments was voted by the house of commons today after a heated debate in which the authority of Ernest Lapoint, minister of marine, to sign the treaty without the British ambassador, Sir Auckland Geddes, also signing the document, was questioned.

A rider attached to the treaty by the United States senate making it applicable to the Nationals and vessels of "any other part of Great Britain" also was assailed.

CHICAGO COUNCIL CREATES NEW OFFICE

(By The Associated Press)
CHICAGO, June 27.—The city council today passed an ordinance creating a new city official, a commissioner of compensation, whose duties it will be to determine and collect rentals due the city from industries. It is estimated that between \$5,000,000 and \$10,000,000 will be collected each year from railroads and other public utilities now using property of the city in their interests.

Henry Ford may or may not be nominated for the presidency by the Democrats or a third party, but certainly he is getting a lot of free publicity. Stories about "the great man in the world" are appearing in a number of the leading magazines of the country to say nothing of the thousands of newspapers that are carrying "news" about him.
The recognition board is certainly taking proper action in refusing to provide applicants with a list of ex-service men and the amounts they are to receive. The chances are that applicants for such information have only in mind to induce these ex-service men to buy something the inquirers have to offer.
Upon Sinclair, who as a writer has for years been engaged in all sorts of "exposés" is now claiming that a scanning of the list of trustees of the larger colleges and universities will prove that big business is controlling the educational systems of the country.
It would not be half bad if a few millionaires would get control of Illinois Woman's College and incidentally swell the endowment fund with some of their surplus millions.
It's the same old story. When there is an over-supply of a product the value drops. There is almost a surplus of cherries here in Morgan county, while over in Calhoun, in the real fruit country, cherries can hardly be given away. It's too bad that crops of fruit and grain cannot be equalized thru the years.
Farmers are beginning to think this statement about cherries applies to wheat, for prices have been on the toboggan until at present 90 cents a bushel is a high offer for wheat in Morgan county.
The fines which have been assessed by Judge Samuell in the county court recently indicate the firm determination of local

authorities to make bootlegging increasingly unpopular. Heavy fines and jail sentences will eventually make offenses against the liquor laws few and far between.
Law enforcement is the real issue these days and county and state authorities who strive for strict enforcement will accomplish results and will maintain the ideals that President Harding is so vigorously pointing out in his series of addresses.
SMALL COLLEGES.
The boy's father had attended one of the greatest universities and had added special professional study abroad. When it came time for the boy, financial reverses due to illness and war made it impossible for him to follow his father. He started in at a small institution, worked hard in vacations, chased the stray dollar in term time, lived inexpensively, and got along. By the time his junior year was over he found himself quite a big toad in a little puddle. He belonged to the best societies, was doing something in athletics, and in a fair way to take honors in collegiate work besides.
The family fortunes began to look up again, and the father wanted him to go to the great university for his senior year. It was a tempting prospect, in a way. It meant living more easily, finding in his hand the ample resources of heavily endowed libraries and laboratories, getting the name of being a Big University graduate rather than taking his sheepskin from a small place hardly known outside its state.
The boy went to the big place to look around. He loved its size and beauty and appreciated its size and tradition and glory. Then he went home and told his father he would stick to the little college.
"I'd just be a cat in a strange garret," he said "I couldn't join anything so late in the course. I couldn't have any general college activities at all. And in class I'd just be one of 200 or so listening to lectures. In the small college, I'm one of 35 or so in class. We get acquainted with the professors and we discuss things and I think we really learn more. I'd rather stick it out where I am right now, and then later, after I've worked a year or two, I can go to the big place for an advanced degree, and the larger resources will mean more to me then than they will now. And if I find I don't need the other work, why then I just don't need it."
It sounded like a pretty wise and thoughtful decision. It looked as if the small college had at least done something in the way of developing judgment.

MATRIMONY

Schultis-Markham
The marriage of Miss Helene Markham and Fred W. Schultis, two prominent young people of Chapin occurred Wednesday morning at 11 o'clock at the parsonage of Central Christian church with Reverend M. L. Pontius officiating.
The couple were accompanied by Mr. and Mrs. Jeff Duckett of Chapin they being the only persons witnessing the ceremony.
The bride wore a full white costume with hat to match. The impressive double ring ceremony was used. After the ceremony the young couple left for a visit in Nebraska with relatives of the groom until about the middle of July after which they will reside in Chapin.

Bowler-Stroug

Joseph M. Bowler, night cook at the Loop restaurant, was married last night to Miss Ethel O. Strong, daughter of Mr. and Mrs. Abner Strong, and well known in the colored circles of the city. The ceremony was performed at Bethel A. M. E. church by the Rev. R. H. Hackley and the ring ceremony was used.
The bride party was composed of Malcolm Poston, best man; Miss Missouri Harrison and Booker Johnson; Miss Iona Fidler, Wilber Reid, Miss Helen Jordan, Roscoe House, Miss Slater Oliver, second bridesmaid; M. E. Peterson, Miss Haydee Cook, first bridesmaid; James Yates, preceding Miss Ruth Davis of Cape Girardeau, Mo., were the flower girls, Aileen, Florence and Ordie Cook. Then came the bride, on the arm of her father. The wedding march was beautifully rendered by Miss Mabel DeFarris.
Prior to the ceremony a short program was given:
Instrumental solo—Mabel DeFarris.
Vocal solo—Mrs. Louisa Blue.
Following the service the guests were guided to the church parlors where a reception was held and refreshments served.
The honorary guests were Rev. and Mrs. W. H. DeWitte, Mrs. R. H. Hackley, Rev. and Mrs. J. W. Kirk, Mrs. Maggie Mallory, Miss Iva Mallory, Mr. and Mrs. Frank Tate, Mrs. Jennie Freeman, Mrs. W. H. Snowden, Mr. and Mrs. Claude Young, Mr. and Mrs. Everett Cook.
The ushers were Miss Bessie Vaughn, Miss Ruth Thorpe, Miss Grace Thorpe, Christina Martin, Beatrice Kelly, Dolly Holmes, and Johnny Douglas.
The bride and groom left on the midnight train for a wedding journey in the east. They will return to Jacksonville to make their home and will reside at 929 Ashland avenue.

WHY ENDOWMENT FOR THE WOMAN'S COLLEGE?

Why is it necessary for the Woman's College to secure \$400,000 of additional endowment? The answer is because it is not possible for the college to maintain its high standard without this addition to its invested funds. Colleges are now required both by the state and by educational associations to maintain a definite standard of endowment, equipment, number and qualification of teachers, etc.
If such standards are not maintained the graduates cannot secure positions as teachers in high schools and cannot be credited for past work when they transfer to other colleges or go to universities for advanced work.
For these reasons a college which does not maintain its high standards cannot secure students in large numbers. Why should young men and young women attend a college which cannot secure for them the highest collegiate advantages? If the attendance of the college begins to decline in a little while that institution is discredited and is forced to retrench and perhaps to close entirely, just as several colleges in Illinois have done within comparatively recent months.
The Woman's College has had an unusual growth because it has maintained the very highest standards. These standards have recently advanced because of the increasing cost of salaries and every item of maintenance. An endowment of at least half a million dollars is now required even for the smallest college. The general education board, seeing this situation, has set its approval upon the Woman's college and has

offered \$133,000 toward securing the required additional endowment.
With the success of this movement the college will go forward even more rapidly than before. Without this success it must decline. As a purely business asset, Jacksonville cannot afford to let the college lose this opportunity for advancement.

MATRIMONY

Schultis-Markham
The marriage of Miss Helene Markham and Fred W. Schultis, two prominent young people of Chapin occurred Wednesday morning at 11 o'clock at the parsonage of Central Christian church with Reverend M. L. Pontius officiating.
The couple were accompanied by Mr. and Mrs. Jeff Duckett of Chapin they being the only persons witnessing the ceremony.
The bride wore a full white costume with hat to match. The impressive double ring ceremony was used. After the ceremony the young couple left for a visit in Nebraska with relatives of the groom until about the middle of July after which they will reside in Chapin.

Bowler-Stroug

Joseph M. Bowler, night cook at the Loop restaurant, was married last night to Miss Ethel O. Strong, daughter of Mr. and Mrs. Abner Strong, and well known in the colored circles of the city. The ceremony was performed at Bethel A. M. E. church by the Rev. R. H. Hackley and the ring ceremony was used.
The bride party was composed of Malcolm Poston, best man; Miss Missouri Harrison and Booker Johnson; Miss Iona Fidler, Wilber Reid, Miss Helen Jordan, Roscoe House, Miss Slater Oliver, second bridesmaid; M. E. Peterson, Miss Haydee Cook, first bridesmaid; James Yates, preceding Miss Ruth Davis of Cape Girardeau, Mo., were the flower girls, Aileen, Florence and Ordie Cook. Then came the bride, on the arm of her father. The wedding march was beautifully rendered by Miss Mabel DeFarris.
Prior to the ceremony a short program was given:
Instrumental solo—Mabel DeFarris.
Vocal solo—Mrs. Louisa Blue.
Following the service the guests were guided to the church parlors where a reception was held and refreshments served.
The honorary guests were Rev. and Mrs. W. H. DeWitte, Mrs. R. H. Hackley, Rev. and Mrs. J. W. Kirk, Mrs. Maggie Mallory, Miss Iva Mallory, Mr. and Mrs. Frank Tate, Mrs. Jennie Freeman, Mrs. W. H. Snowden, Mr. and Mrs. Claude Young, Mr. and Mrs. Everett Cook.
The ushers were Miss Bessie Vaughn, Miss Ruth Thorpe, Miss Grace Thorpe, Christina Martin, Beatrice Kelly, Dolly Holmes, and Johnny Douglas.
The bride and groom left on the midnight train for a wedding journey in the east. They will return to Jacksonville to make their home and will reside at 929 Ashland avenue.

WHY ENDOWMENT FOR THE WOMAN'S COLLEGE?

Why is it necessary for the Woman's College to secure \$400,000 of additional endowment? The answer is because it is not possible for the college to maintain its high standard without this addition to its invested funds. Colleges are now required both by the state and by educational associations to maintain a definite standard of endowment, equipment, number and qualification of teachers, etc.
If such standards are not maintained the graduates cannot secure positions as teachers in high schools and cannot be credited for past work when they transfer to other colleges or go to universities for advanced work.
For these reasons a college which does not maintain its high standards cannot secure students in large numbers. Why should young men and young women attend a college which cannot secure for them the highest collegiate advantages? If the attendance of the college begins to decline in a little while that institution is discredited and is forced to retrench and perhaps to close entirely, just as several colleges in Illinois have done within comparatively recent months.
The Woman's College has had an unusual growth because it has maintained the very highest standards. These standards have recently advanced because of the increasing cost of salaries and every item of maintenance. An endowment of at least half a million dollars is now required even for the smallest college. FRANK R. CARNEY IN RADIO WORK

Former Manager of Local Western Union Office Tells of Trans-oceanic Department of Radio Corporation
A number of Jacksonville residents will remember Frank R. Carney, who was at one time the manager of the Western Union Telegraph Co. in this city. He was the immediate predecessor of Joseph L. Pine, the present manager, and went from this city to Quincy, Mr. Carney has risen steadily and today is the division manager of the trans-oceanic department of the Radio Corporation of America.
In a recent issue of Radio Topics an interesting interview with Mr. Carney is given by N. C. Bos and Mr. Carney is referred to as the man who developed the trans-oceanic radio communication thru the central west.
Mr. Carney in this interview tells how radio is saving American cable millions of dollars every year. Paragraphs from this article are reprinted:
It has been said, "One kind of business does not differ much from another—the knowledge acquired in the first will probably be 70 per cent of all that one needs in the second."
The foregoing statement is unquestionably true in the case of Frank R. Carney, known yesterday from coast to coast in telegraphic circles as a practical telegraph and cable man, and today, as the pioneer developer of trans-oceanic radio communication thru the Central West.
During the interview Mr. Carney remarked: "At first I thought trans-oceanic radio communication too far ahead of the times to be generally accepted, but our success during the past seven months of practical operation thruout the United States has proved conclusively that the American people are alert and willing to accept and promote any new legitimate, progressive enterprise."

Welcomed to Field
"That the business men thruout the country welcomed our coming into the field, as a third factor in foreign communication, message and press service, is evidenced by the fact, that at the close of the first seven months of our existence, the Radio Corporation of America handled 30 per cent of all messages filed in the United States for Europe and South Africa across the North Atlantic and 57 per cent (over half) of all messages across the Pacific to Honolulu and Japan."
"My associates are all practical telegraph men, cognizant of the requirements of commercial and social interests. They have labored incessantly to bring the Radio Corporation of America's service up to the present standard of efficiency. The great scientific forces of the General Electric Company, the Westinghouse Electric and Manufacturing Company, as well as our own engineers (the cream of their profession) are constantly increasing the interest of world-wide wireless."

Child-birth

Here is a wonderful message to all expectant mothers!

When the Little One arrives, you can have that moment more free from suffering than you have perhaps imagined. An eminent physician, expert in this science, has shown the way. It was he who first produced the great remedy, "Mother's Friend."

Mrs. C. J. Hartman, Scranton, Pa., says: "With my first two children I had a doctor and a nurse, and then they had to use instruments, but with my last two children I used Mother's Friend and had only a nurse; we had no time to get a doctor because I wasn't very sick—only about ten or fifteen minutes." Use "Mother's Friend" as our mothers and grandmothers did. Don't wait, start today, and meanwhile write to Bradford Regulator Co., P. O. Box 46, Atlanta, Ga., for a free illustrated book containing information every expectant mother should have. "Mother's Friend" is sold by all drug stores—everywhere.

HELP FOR GIRLS WHO WORK

Mrs. Lodic Tells How Lydia E. Pinkham's Vegetable Compound Helped Her

Tyrone, Pa.—"A friend told me how Lydia E. Pinkham's Vegetable Compound had helped his wife, so my husband bought me a bottle because I was so run-down, had a nervous weakness, no strength in my body and pains in my left side so bad that I could hardly do my work. Before I was married I used to work in the factory, and I had pains just the same then as I have had since I have done my housework. I would not be without a bottle in the house now. It has stopped the pains all right and I have found out that it is a wonderful body builder, as it has made me well and strong. It is going to be the 'old reliable' with me hereafter, and I am always willing to tell other women how it has helped me. You can use this letter as you wish as I can honestly say that my words are true."—Mrs. M. Lodic, R.F.D. No. 4, Box 40, Tyrone, Pa.

Letters like this bring out the merit of Lydia E. Pinkham's Vegetable Compound. They tell of the relief from such pains and ailments after taking Lydia E. Pinkham's Vegetable Compound.

AVIATORS FORCED
TO DESCEND AFTER
SIX HOURS IN AIR
Defective Generator Stops
Fliers Attempt at
Records

(By The Associated Press)
SAN DIEGO, Cal., June 27.—
Forced to descend today after less
than six hours in the air, but
having accomplished the notable
feat of re-fueling twice in mid-
air, Captain Lowell H. Smith and
Lieutenant John B. Richter, army
aviators, will start tomorrow
morning in another effort to
break or establish twelve aviation
records. The burning out of a
generator caused the aviators to
land their DeHavilland plane too

the ground five hours and 41
minutes after taking off.
Hardly had the machine touch-
ed the ground before the two of-
ficers were in consultation with
Major Henry Arnold, command-
ant at Rockwell Field, regarding
the new effort to start aloft four
days and four nights.
The second attempt is schedul-
ed to begin about 4:30 a. m. to-
morrow.
Captain Smith and Lieutenant
Richter are confident, they said
tonight that it will be successful.
They base their hopes largely on
the work done today in taking 80
gallons of gasoline aboard their
plane from another plane while
both were racing thru the air at
the rate of 80 miles an hour.
Lieutenants Virgil Hines and
Frank Seifert took the refueling
machine about the racing plane.
Then came a tense moment for
the spectators as the suction of
the air from the heavy propeller
tilted the racing machine tilted the

fuel ship dangerously. Its pilot,
however, soon righted the plane
and Lieutenant Richter in the
lower machine seized an end of
the 45 foot hose which dangled
from the refueling tank. At the
first attempt the hose was jerked
from his hands but he soon had it
again in his grasp and a second
later he had inserted it in the De-
Havilland's reserve tank. In less
than two minutes about 40 gal-
lons of gasoline had been taken
aboard and the machines quickly
separated.
The second refueling was ac-
complished about 15 minutes lat-
er and with as much ease appar-
ently as the first. It was learned
later, however, as the hose was
taken from the reserve tank a
shower of gasoline, possibly sev-
eral quarts was whirled back in
the terrific wind created by the
propeller. It sprayed all over the
back of the racing ship but did
not come near the hot exhaust of
the motor and there was no sign
of fire.

UTAH PIONEERS
HARDING'S HOSTS

ZION CANYON, Via Cedar
City, Utah, June 27.—Utah's
pioneer men, Gray and grizzled
in the service of the empire
building and the younger genera-
tions of Southern Utah, were
hosts today to President Harding
as he passed almost a hundred
miles beyond the end of steel and
into Zion National Park, the
newest of the nation's great
playgrounds.

The entire day was required
for the motor trip from Cedar
City to the park and return to
Pocatello, Idaho, where the chief
executive will speak tomorrow.
Mr. Harding and his party en-
tered the park grounds from
Cedar City, stopping at Hamil-
ton Fork, Toquerville, Rockville
and Springdale enroute.
The president carried into the
settlements of this section of the
country a message of congratula-
tion to the pioneers whom he
greeted for the "wonderful
achievements" they had made pos-
sible by converting the waste
lands once green beneath Salt
Seas into productive soil, green
with growing crops and foliage.
To the sons and daughters of the
veteran home builders the pre-
sident gave the task of carrying
on the labors of their forefathers.

PREDICTS DROP IN
BUILDING COSTS
Cleveland, O., June 27.—Pre-
dictions of falling prices in the
cost of building and a general
real estate activity were made by
speakers at the opening session
of the sixteenth annual conven-
tion of the National association
of Real estate boards here today.
The convention said to be the
largest gathering of business men
this year, attracted approximately
7500 delegates from the United
States and Canada.

PINEAPPLES ADVANCE
IN PRICE
Honolulu, (By A. P.) — In-
creases in the prices which the
largest pineapple canners in Haw-
aii will ask for their pack this
year are expected to raise the ter-
ritory's gross revenue from this
commodity from \$19,000,000, the
amount in 1922, to approximately
\$24,255,000, it has been esti-
mated.
The increases, announced al-
ready by the Hawaiian Pineapple
Company, the largest packers of
the commodity, and the Pearl City
Fruit Company, one of the smaller
concerns, average about 25 per
cent. They are made necessary,
according to the firms' announce-
ments, because of the increase of
the prices of sugar, cans, boxes,
and the raw pineapples. The price
advances approximately 50 cents a
case of one dozen cans.

RADIO INCREASES
CATCH OF ENGLISH
FISHERMEN

LONDON—American fisher-
men off the Grand Banks and the
Atlantic coast may find it profit-
able to emulate the example of
their brother fishermen in Eng-
land, who have equipped their
vessels with radio. The purpose
is to enable them to commu-
nicate with the shore or with
sister trawlers whenever they
discover a shoal of fish too large
for their capacity. At a time
when a remarkable shortage of
fish is reported from the North
Sea, some thirty stream trawlers
have been fitted with wireless
apparatus.

It has been found that with the
use of radio communication huge
hauls, which otherwise would
certainly be missed, can be taken
in a short time by vessels which
are in constant communication
with each other and with the
shore.

The cost of radio installation is
insignificant compared to the
great catches of fish it makes pos-
sible. Also the value of constant
communication between the traw-
ler owner ashore, who knows
the condition of the market, and
the skipper at sea is obvious. If
the supplies at one port are heav-
y, the owner can send orders for
the catch to be landed at another
port. If the catch is unusually
heavy, he can make arrangements
to facilitate unloading.

"What Tanlac has done for me"
said Mrs. Page, "is too wonderful
for words to express. For six
or seven years I had been trou-
bled with rheumatism in my arms.
I couldn't even wash the dishes,
or peel the potatoes, and, in fact,
my arms were just about useless.

"My health was also bad other-
wise. My stomach was all out of
order, I couldn't get a good
night's sleep and often had dizzy
headaches. I had just about giv-
en up hope of ever getting well.

"But Tanlac helped me from
the start and now I haven't a
rheumatic pain or an ailment of
any kind. I eat and sleep like a
child, and while I am 63, I don't
feel a bit over 40. Nothing is too
good to say for Tanlac."

REVOLUTIONARY WAR RELIC IN WHITE HALL

Letter Written by Veteran of War of the Revolution on Display in White Hall.

White Hall, June 28.—A most interesting Revolutionary document is on display in the window of Dossett's jewelry store, where it forms the basis of an interesting collection of material pertaining to the history of the United States. The document was brought to White Hall from Jacksonville by George Ball and placed in possession of R. B. Pearce until the observance on July 4th. It is the property of Mr. Ball's daughter, Miss Lucy M. Ball, who has been an invalid for more than a year, but has followed the Revolutionary dedication plans at White Hall with keen interest that she volunteered the loan of this paper in the hope that it would add no little interest. It has been placed between two pieces of glass for preservation and in order that it may be seen that both sides of the paper is used. The document has been deciphered by Mrs. Laura Pritchett, and the contents show it to be a letter written by a veteran of the War of the Revolution. It is as follows:

Dear Nephew:

Your letter is here. Well done agreeable. I want to thank you for your attentions to my poor boy my son Thomas. He speaks highly of you and indeed of all his relations. I have now but little command of pen.

You wish me to give a sketch of my military life in the Revolutionary War. That is to fight battles over again on paper. Many of the lives of those times are still fresh in my memory. You must give me time. I write but with hooks and hauners. Can you read it? Sometimes I can hardly read my own writing. The frequent attacks of rheumatism have done this, yet God blesses me with high bodily health, yes, thanks to the Giver, as much so as when I was a young man. You are to forgive me all egotisms, for no person speaking of themselves but are more or less egotists. I shall speak the truth to the best of my knowledge. The lapse of time has erased many things from my memory.

Born in 1756

I was born at Newtown, Bucks county, Pennsylvania, 1st of May, 1756, about 28 miles northeast from Philadelphia. Your father was born at the village of White-hall, twelve miles north of Philadelphia, at that time Philadelphia county. Your father is about one year and six months younger than Sam. Myself and brothers had in one respect a Roman education. The Roman youths were all taught athletic exercises to harden and invigorate the body. Our father encouraged these things, but I believe we were all naturally inclined to these sports and pastimes. I was brought up to hardihood. I was never idle but when I was sleeping, reading or writing. God gave me a robust constitution, fitted to bear hardships and privations.

I was appointed a 2nd Lieutenant in Mr. Littervar's Regiment, the only regiment in the state, in August or September, 1775. I was about 17 years of age. I had now taken upon myself the character of a soldier

with a determined mind to rough the storms of life, to rough the storms of war. I was now sent on the recruiting business, and the company was soon raised. I had got some rudiments of tactics in the militia from an old British Director. My mind was now intent upon this thing. We had no arms, but busy through the winter of '75 in training our men as well as we could without arms.

In April, '76, were were ordered from Wilmington, our quarters, to Dover, 5 miles down the Bay of Delaware. Here the whole regiment was complete in May, '76, but yet no arms. An old English Captain, Thomas Holland, left the English army from principle and joined us. He was our adjutant, authentic disciplinarian, and brought up the regiment fast. The Tories in the lower county, bordering on the Bay of Delaware, began to make some hostile movements. Arms were got for about 200 of our regiment in this command, twenty under the command of our Major McDonough, the father of Commodore McDonough, went to Lewistown, at the mouth of the Delaware and near the light house. There we were in the land of Tories.

Among the Tories

The British men of war lying in the bay opposite, not more than one mile, and in the interior surrounded by these Tories, our situation was indeed perilous. There were some good Whigs in the town, but there were also Tories. Our worthy Major kept a sharp lookout. It became us all to be vigilant. We were so, and for young soldiers think we did our duty. By this time, from the attention of our Adjutant Holland to me and from his tuition, I was considered a tolerable disciplinarian. Holland became partial to me, lived with me, let me into his whole history. And such a history. So variegated with the ups and downs of life. But I shall occasion to mention him again in this narrative.

Captured by Enemy

That was still in May, '76. I had not ridden more than two miles till I was met by a whole regiment of Tories going to Dover. I was in regimentals, and they knew to where I belonged, yet so it was they let me pass peacefully on. In some miles further on I came to a tavern full of Tories and before the door in large numbers. Strange they let me pass on, but not more than a quarter of a mile in advance of the tavern, I was met by about forty Tories, all armed. "Hell," they said, "It's one of Sam Hazlet's men." Hazlet was the nick name of our Sixth, who was very obnoxious, being a firm friend of his country. "You damned rebels, we have got you, and will take care of you." I thought of the British men of war. I was not far from the Delaware, and was fearful I was to take up my lodging on board of a British man of war. "Light down this minute you damn rebel," and twenty guns were presented. I got off. I was in a bad situation. I wished I had stayed at Dover. They pulled off my saddle bags, strewn the ground with the contents. The best way, I thought, was to put grace in a bad matter. I was indeed in a woeful situation, a perilous situation by my own impudence. I thought of home, where I might have been safe, and the war boat, where I was to be a prisoner. I now began to tell them some funny stories. Among other things I told them

if they would behave themselves quietly, decently, and not be in the habit of stopping people on the road, ransacking their baggage, as they had done mine, I would try to make peace with my Major. The swore I was a dam'd impudent fellow, but I was a jolly fellow. They gathered up all my things, put on my saddle bags and let me go. This night I had a quiet night's rest.

I was on my way by times in the morning about 10 o'clock. I found the country in a battle. I came to a tavern about eight miles from my place of destination, Lewistown. At this tavern was a great gathering of people, a great stir among them. Thinks I to myself, no good unto me. I must stop. My horse must be fed. A trough was at the door. My horse was fed. These fellows eyed me; I eyed them. I again thought of the war boats. They were so evil that I thought they would lay hold of me. At this moment I ordered a pint of rum, paid my bill, the rum was set on the table. "Come, my jolly fellows, let us take a Jo rum brandy, a little," and whilst they were busy about the bottle, I slipped out and gone I was. They missed me and hallowed "Come back, you damn rebel, you damn Hazlet's man." But I was out of their reach and Lewistown before night.

No battles yet, say you. As I go on they will come. Write on sight of this. All our love to you all.

Your uncle with affection,
E. W. Anderson.

DR. THACHER'S LIVER AND BLOOD SYRUP WILL BE GIVEN AWAY THIS WEEK

An interesting fact in connection with the introduction in Jacksonville of the celebrated prescription of Dr. H. S. Thacher was disclosed today when it was learned that local agents are edistributing a limited number of free

samples of Dr. Thacher's Liver and Blood Syrup among those who are suffering from Indigestion, Stomach Troubles, Rheumatism, Sick Headaches, Torpid Liver, Pains in Back, Loss of Sleep, Impure Blood, Loss of Weight, Biliousness, Loss of Appetite, Dizziness, Coated Tongue, Constipation, Night Sweats, Shortness of Breath, Skin Eruptions, Tired-Rundown Feeling, or who need a general strength-building tonic.

In making known the intention of the Thacher Laboratories to give a limited number of free samples of this valuable medicine to men, women and children, officials of this company made the following explanation:

THACHER'S PLAN SAFE.

"Dr. Thacher's Liver and Blood Syrup is not to be confounded with the ordinary patent medicine. This great tonic is composed only of medicinal ingredients long recognized for their superior powers in overcoming the diseases caused by improper working of the liver, stomach and bowels and the impurities that poison the blood.

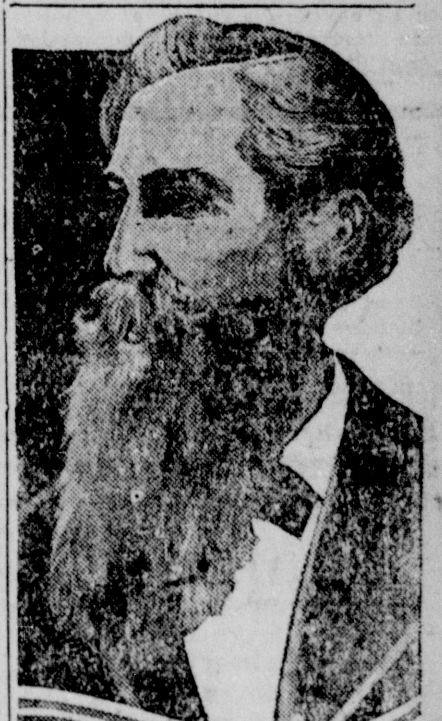

"While there is ample proof of the merit of this celebrated tonic of Dr. Thacher's, not only through extensive analysis of the formula and laboratory tests, but through results obtained in actual cases over a period of many years, still it is our desire to further demonstrate to the people of this section that Dr. Thacher's Liver and Blood Syrup is something entirely different from the commonplace remedies.

"To accomplish this, we are willing to bear the expense of proving the extraordinary powers of Dr. Thacher's Prescription, both by our 'Money Back If It Doesn't Help You' guarantee and by the distribution of free samples of the medicine to a limited number of local people."

Any one, who desires, may obtain one of these free samples, as long as the supply lasts, by calling on the druggist in their town who is the authorized agent for Dr. Thacher's Liver and Blood Syrup and requesting one.

Out-of-town people are advised that if no Thacher agent has yet been appointed in their town, the agency and supply them with Dr. Thacher's Liver and Blood Syrup by applying to Thacher Sales Company, 920 Fisk Bldg., New York City.

Dr. Thacher's Liver and Blood Syrup is sold in Jacksonville by the Coover Drug Company.

DR. H. S. THACHER

Great Medicine Sold On Money Back Guarantee

Dr. Thacher's Liver and Blood Syrup has been found to possess such remarkable qualities as a family medicine that it is now being sold on a positive guarantee that if it does not bring relief, the purchase price will be refunded.

Positive instructions have been issued by the Thacher Laboratories to all druggists to this effect: If no benefit is received by any one suffering from Stomach Troubles, Indigestion, Rheumatism, Sick Headaches, Torpid Liver, Pains in Back, Loss of Sleep, Impure Blood, Loss of Weight, Biliousness, Loss of Appetite, Dizziness, Coated Tongue, Constipation, Night Sweats, Shortness of breath, Skin Eruptions, Tired-Rundown Feeling, of those who feel the need of a general strength-building tonic, the purchase price is to be returned without question. Suzanne Lenglen Appears and Plays Superb Tennis—Richards and Johnston Also Show Fine Form.

WIMBLEDON, June 27.—(By A. P.)—There were no surprises in the play for the world's tennis championships at Wimbledon this afternoon and only one big thrill which was when Suzanne Lenglen appeared in the stadium which was crowded almost to capacity, to start after her fifth successive world's title.

She began in characteristic manner, winning every game of the two-set match from Young Peggy Ingram, the daughter of one of England's old international players.

Mme Lenglen played superbly keeping her opponent at the baseline and snuffing out whatever hope the little English girl had by playing shots of amazing ac-

curacy within a few inches of the side and back court lines. Occasionally she worked up to the net to finish off a rally with a net out volley.

Mrs. Molla Bjurstedt Mallory, the American champion scored an easy triumph over Miss H. L. Eddis of England, 6-3, 6-2.

Miss Kathleen McKane, Great Britain's best woman player, who is considered to have the best chance of dethroning the long-reigning Lenglen, pushed aside Miss Katherine Gardner of Cambridge, Mass., with the loss of only one game out of thirteen.

Of the other Americans, three were idle today, and the other seven won their matches, most of them without much difficulty. Vincent Richards, showing the same smooth ability to play the game perfectly from any spot on the court that he demonstrated in his first appearance yesterday afternoon advanced another step today towards the goal by defeating the Indian Davis cup player, S. M. Jacob, 6-2, 6-3, 8-6.

William M. Johnston, second ranking American player adding more speed to his strokes that he showed yesterday and occasionally whipping one of his lightning serves over the net disposed of R. D. Watson of Northumberland, but not without some difficulty. The series ended 6-1, 6-2, 9-7.

Francis T. Hunter, the third of the Americans had no easy task against the young London player, V. Berger, in fact he dropped one set of his match before emerging with victory, 5-7, 6-0, 6-1, 6-3.

**ILLINI LOOK OVER
FUTURE TRACK STARS**

URBANA, Ill.—What kind of a track team will Illinois have next year? Illini fans are turning to the freshman track squad to give them the "once over" and to find a part of their answer. Under Coach C. A. Francis' guidance these youngsters won their five telegraphic meets with other freshman outfits of the conference. Incidentally this is the second season that Coach Francis has made this record. He is a senior in the four year course in athletic coaching.

Captain C. D. Edwards, who hails from Mt. Carroll, is an all-around performer. He has jumped 5 feet, 8 inches, pole vaulted 11 feet and broad jumped 22 feet. P. F. Schock, of Ottawa, and T. Yarnall of Chicago, have stepped into the century in 10 flat. C. W. Warner, another Chicagoan, is a promising hurdler. In the high sticks he has been timed at 15:4.5 and he also runs the low hurdles in good time.

E. L. Andrews of Chicago, is the best miler. He has travelled it in 4:37. This has been his consistent time thruout the season and he is regarded as promising. The entire squad of 23 classes in their special events:
Dashes—F. Hooper, J. F. Cox; St. Louis, T. Yarnall, Chicago; P. F. Schock, Ottawa.
Quarter Mile—H. Mehock, Streator; R. W. Yates, Oak Park; F. M. Mann, Shumway.
Distance Runs—P. W. Vance, Kiawa, Kan.; H. Dermody, Chicago; J. E. Barnes, Champaign; E. L. Andrews, Chicago; J. F. Greenleaf, Waukegan.
Jumps—C. D. Edmonds, Mt. Carroll (Capt.); W. H. Wallace, Champaign; R. G. Kell, Benton; H. E. Stamper, Benton.
Hurdles—L. M. Wildman, Lincoln; C. W. Werner, Chicago.
Weights—A. J. Wheeler, Atchison, Kan.; M. G. McLarty, Champaign; A. T. Pasmis, Watseka; V. W. Ritter, Olney.

**PINELLI WILL NOT
PLAY FOR TWO WEEKS**

CINCINNATI, O., June 27.—"Babe" Pinelli, Cincinnati National third baseman, who was injured in the game with Chicago on Tuesday will not be back in the game for 10 days or two weeks. This information was given by the club physician, after an examination of Pinelli's injuries. The physician said the spikes of Vic Aldridge cut a two inch gash on the outer side of the right ankle in which five stitches had been taken. He declared there was no sign of inflammation, but an injection of anti-tetanus serum was administered as a precautionary measure against lockjaw.

**MAC DONALD MADE
REAL COMEBACK**

Contrary to general opinion, MacDonald Smith, who did so well in the British open, is not a recent addition to the golfing luminaries. As a matter of fact, he is a veteran star, who has simply been out of the limelight for several years.

Back in 1910 Smith finished in a triple tie for the national open with Aleck Smith and J. J. McDermott. In the playoff A. Smith won the title.

In 1922 Smith won the western open from a classy field with a score of 299. Two years later he finished in front for the Metropolitan championship. At that time the famous Harry Vardon referred to him as the golfing genius of the nation.

Ill health a year later overtook Smith and caused him to drop out of tournament play entirely, although he continued as a golf pro on the coast. Despite the fact that he seldom took part in even minor competition he never let up on his game.

This year, having entirely recovered his health, he plans to play in a number of the leading championship events. He has made a sensational comeback as to his health and his golf, as his showing in the British open proved.

While MacDonald represented the United States in the British open, he is an American only by adoption. He was born in Carnoustie, Scotland. He came to this country with his father, who accepted a position as greens keeper with the Claremont Country Club at Berkeley, Calif.

His play abroad has been one of the sensations of the American invasion, as few of the experts gave him much consideration in discussing the chances of the American golfers, yet none played a sounder game.

HOPES TO HAVE \$100,000 READY

GREAT FALLS, Mont., June 27.—(By The A. P.)—Expressing himself as hopeful that the \$100,000 due Jack Dempsey as the final installment of the \$300,000 guarantee to fight Tommy Gibbons July 4 would be in sight tomorrow George H. Stanton, a Great Falls banker, declared tonight that the money would be raised without a doubt before July 2, the date the amount is due Jack Kearns, Dempsey's manager.

Stanton, who advanced \$50,000 to help make the payment of the second \$100,000 installment to Kearns ten days ago, said efforts were being made to have the money advanced by the Great Northern Railroad. If this proposal failed the business men and bankers of Great Falls would be asked to advance it.

"We raised the second \$100,000 for Dempsey without much effort and it is my belief that we will not have much trouble getting the final installment," Mr. Stanton said. "All that we need to make the show a success is the final installment for Dempsey."

With Manager Kearns in Shelby in the interests of the motion pictures and other financial entanglements, Dempsey continued training, boxing six rounds with a trio of light sparring partners and doing other exercises that made up a workout equivalent to nine rounds.

With Billy Wells, Dempsey tried hard to keep his punches in check and confine himself to defensive work, but several times the furious attack of the British welterweight drew counter blows.

Wells attacked from every angle, shooting swings and hooks with either hand as he tried to come up under Dempsey's guard and resorted to jabbing uppercuts when swings failed.

Dempsey attempted to make Wells lead

WHAT THE RAILROADS
HAVE ACCOMPLISHED

Despite the obstacles placed in
the way of an efficient transpor-
tation service by the cumulative
effect of the coal miners' strike
beginning April 1, 1922, and the
shopmen's strike, beginning July
1, 1922, the railroads, as shown
by the report of the Car Service
Division of the American Rail-
way association hereto appended,
have, between July 1, 1922, and
March 17, 1923—a period of 37
weeks—handled the greatest
volume of traffic ever transported
in the history of the country dur-
ing any corresponding period of
37 weeks.

Cars of revenue freight loaded
in 37 weeks July 1, 1922 to March
17, 1923 were as follows: 1922,
32,939,789; 1921, 28,879,325;
1920, 31,312,945; 1919, 31,663,
856; 1918, 30,819,593.

Anticipating a still larger de-
velopment in agriculture and
other departments of industry
with the resulting increase in
tonnage and for the purpose of
meeting the demands of commerce
in an adequate and efficient man-
ner, individual railroads, in 1922,
14 months from January 1, 1922,
to March 15, 1923, have pur-
chased an aggregate of 223,616
new freight cars of which 117,239
have been delivered and put in
service, and on March 15th, 1923,
336 were on contract for delivery
during 1923.

In the same period, the roads
have also placed in service or
purchased an aggregate of 4,219
new locomotives, of which 2,106
have been placed in service, and
on March 15th, 1923, have been
contracted for delivery during 1923.

The number of new freight cars
and new locomotives, and the
exclusive of subsequent or-
ders which is anticipated will be
placed during the current
year.

The significance and impor-
tance of these figures will be ap-
preciated when it is remembered
that the average number of new
cars and new locomotives added
over a period of 10 years, 1913
to 1922, inclusive, has been 101,
999 new cars per year and 1,969
new locomotives per year.

During the two years and two
months of Federal control there
were purchased a total of 100,000
new cars or approximately 46,000
per year and 1,930 new locomotives
or approximately 890 per
year.

Market Report

WHEAT FELL TO
NEW LOW PRICE

CHICAGO, June 27.—Influenc-
ed largely by weakness of the
New York market, all deliveries
of wheat fell today to a new low
price record for the season. The
close was unsettled at 80 to 1½c
net decline; September \$1.01½
to 1.01½ and December \$1.01½
to 1.01½. Corn finished ½ to 1½c down
oats varying from ½c to 1½c like
advance, and provisions at a set-
back ranging from 5c to 20c. Pre-
ceding the breaks in wheat prices
the market had shown something
of an upward tendency as a re-
sult of rails which it was assumed
would interfere with cutting and
threshing of winter wheat. The
fact that Liverpool quotations
were comparatively unresponsive
to yesterday's sharp decline here
acted also at first as a

Cool Footwear for Warm Days

Warm weather is sure enough here. It calls for cool, comfortable footwear. There never was a season when sport footwear were more popular and in greater demand.

It is a very clever assortment of styles that we are prepared to offer you for this season; a great array of color combination and fancy trims. Leather and rubber soles including the new crepe soles.

Earl Teele of Waverly Has Been Missing Since Tuesday—Father Enlists Help of Sheriff

Earl Teele, aged 21, residing six miles east of Waverly has been missing from his home since Tuesday morning and although his father, Charles Teele has enlisted the aid of the sheriff's office of this county no trace of him has yet been found.

His father's farm lies north of Waverly and he has recently been working there, driving back and forth each day in his Ford car. On last Tuesday morning he left home as usual for the north farm and while in Waverly left an oil can at the Fleming store to be filled stating that he would pick it up as he went home in the evening, this being the last time that he has been seen by Waverly residents.

He never reached his father's farm and his car has not yet been located and his wife and parents are badly worried concerning his whereabouts. No reason can be assigned for a voluntary disappearance as his home life was very pleasant and his financial condition was good.

He is described as being 21 years old, 5 feet 9 inches tall, and weighing about 150 pounds. His complexion is fair but quite badly sunburned.

MUCH PROGRESS IN I. W. C. CAMPAIGN

Pledges to Illinois Woman's College May Be Paid in Money, Stocks or Real Estate—Campaign Workers Told—Subscriptions Now Total More Than \$13,000

Additional subscriptions in the Woman's college campaign were announced at the luncheon Wednesday noon at the Pacific hotel, which brought the total to \$13,050. Several of the team captains were not ready with reports, although their members had been at work and had a number of good sized pledges in prospect.

On account of the meeting of the Kiwanis club this noon the captains and workers will not meet until 6 o'clock tonight. Thus a day and a half is given for canvassing work and a substantial increase in the total is looked for tonight, when Harold Welch records the captains' reports as they are made.

At the luncheon yesterday E. Y. Rowe presided and called for reports from the workers. Then the opportunity was given for suggestions and there was some discussion in which various workers told of their morning experiences.

Dr. Harker was asked if the colleges could accept stock or bonds on subscriptions and promptly made reply that the college would accept anything of value, whether real estate or personal property.

Then Dr. Harker went on to relate some facts about the great interest in the college shown by Dr. C. E. Welch, grape juice manufacturer. Although it is a matter of common knowledge that the company which Dr. Welch controls has sustained heavy losses in the past few years, nevertheless Dr. Welch has promised to give \$25,000 in this campaign. When he left here at commencement time, he asked Dr. Harker to write up a pledge form and when this was sent to him he voluntarily agreed to 6 per cent interest until the entire \$25,000 obligation has been discharged.

From this incident Dr. Harker explained that solicitors should keep in mind that these notes will be acceptable. This means that if any person wishes to aid the college and does not have the funds available at the present time, that he or she can give a note, payable at death, which will constitute a claim against the estate.

HEAVY PENALTIES FOR LIQUOR SELLERS

John Atterberry Given Fine of \$500 and Sixty Days in Jail—Mrs. Davenport Must Pay \$400 for Offense Against Law

In the county court yesterday Judge H. P. Samuel gave John Atterberry a fine of \$500 and a jail sentence of 60 days for selling liquor. Atterberry according to State's Attorney Robinson and Chief of Police Kiloran, has been a frequent offender although until recently the authorities were unable to secure competent evidence against him. The court evidently took these facts into consideration in imposing a heavy penalty.

At the same time Judge Samuel informed Atterberry that he would be likely to fare worse if a second offense was committed.

Mrs. Bessie Davenport also entered a plea of guilty on a liquor charge. This defendant was given a stiff fine and must pay \$400 and costs or go to jail.

TROOP SEVEN B. S. A. MET LAST EVENING

Reorganization Was Effectuated and Officers Elected—Troop Will Be Sponsored by Grace Church

A rousing re-registration meeting was held by the Boy Scouts of Troop Seven at the Chamber of Commerce rooms. The meeting was in charge of Scoutmaster Russell Arundel and J. L. Read. The boys discussed plans for the Fourth of July and decided to handle fireworks in order to defray expenses for the rotary camping trip on the 16th of July.

Miss M. C. Matthews was present and talked to the boys about the presentation of ministerial stunts at a minstrel show to be given in conjunction with the Grand theatre in about two weeks. T. S. Scott offered the boys a great opportunity for making money thru giving this show and they voted to do so. Miss Matthews will direct the cast, while the sale of tickets will be in charge of Mr. Arundel and Mr. Read.

Five of the boys proved themselves ready for the second class tests, while four of them are ready for the tenderfoot tests. Plans were made for giving these tests at the meeting at Grace church next Friday night.

During the meeting new officers of the troop were elected. Abram Wehl was elected the new treasurer and Martin Goheen the troop scribe. The four patrol leaders are Kenneth Thomson, Martin Gehring, George Goheen and Dale Sturgis.

The boys whose names will appear on the new charter, which will be sponsored by Grace church are Martin Gehring, Abram Wehl, Troy Massey, Dale Sturgis, George Goheen, Kenneth Thomson, Martin Gehring, Robert Craggs, Earl Arundel, Dale Copley, Merl Harney, M. Clare Huff, Edward Cook and George Harney.

FUNERAL'S

Bast

Services in memory of the late Mrs. Henry Bast were held yesterday afternoon at the family home in Virginia with the Rev. A. H. Kertsner, pastor of the Lutheran church, in charge. Burial was in Walnut Ridge cemetery.

Mrs. Bast, who was formerly Miss Frances E. Seaman, has been in poor health for some time. She was a daughter of Mr. and Mrs. John Seaman who were pioneers of Cass county. The deceased was born in 1873. Her husband survives.

Duncan
Funeral services over the body of the late William Duncan were held yesterday afternoon at 3:30 at Franklin Christian church in charge of the Rev. M. L. Pontius, who was assisted by the Rev. H. A. Sherman, pastor of Franklin M. E. church. Interment was in Franklin cemetery.

The floral offerings were cared for by Mrs. Burley Jones, Mrs. Glenn Harney, Mrs. W. D. Henderson, and Miss Maud Anderson. Music was furnished by a quartet composed of Mrs. Albert Alderson, Miss Grace Hill, Miss Nellie Austin, and Miss Eunice Armstrong. Miss Grace Armstrong acted as accompanist.

The bearers were Burley Jones, Bert Jolley, Leon Seymour, Glenn Harney, Leslie Clayton, and George Jolley.

WIND STORM DAMAGE NORTH OF WHITE HALL

White Hall, June 27—Stretches of growing crops were blown down as the result of a wind and rain storm that reached White Hall at 3:45 o'clock this morning, accompanied by lightning. The crop damage is mainly to the north of White Hall, where oats, corn and wheat are all reported to have suffered. Some telephone poles were blown down between White Hall and Roodhouse. At the latter place the wind was more severe, limbs being blown from trees and minor property damage reported. The rainfall at White Hall between 3:45 a. m. and 7:15 a. m. amounted to 0.89 of an inch. Light rain set in again at 9:20 a. m. The rain at White Hall is badly needed for replenishing supplies but the storm has been a blow to farming operations. Wheat cutting had gotten well under way.

Herbert Weatherford of 919 North Main street returned yesterday from Chicago where he has been working for some time past.

NEW FISH AND GAME LAWS SOON IN EFFECT

Chief Warden Calls Attention to Extensive Changes Made in Statutes by General Assembly

County Clerk G. L. Riggs, along with other county officers thru-out the state, has been notified by the chief game and fish warden of the state of the extensive revision of the game and fish code made by the 53rd general assembly.

These changes were made by the passage of house bills 774 and 795 and the repealing of certain acts in conflict with them. The new law provides for a complete revision of the game and fish laws into two codes, one entitled "The game code of Illinois" and the other "The fish code of Illinois."

There are numerous changes in the law relative to open season, zoning of fur bearing animals, changes in fees both for licenses and clerks. Special attention is called to the new "hook and line fishing licenses" for all persons over the age of 21 years, "except owners and tenants and their children actually residing on the lands."

The legislature thru this bill has made it possible to initiate a constructive policy for the propagation and protection of game and fish. The new law does not become effective until July 1 and the various forms of licenses will probably not be in the hands of clerks until about July 15.

Following are some of the dates for the open season and the limit on game. Some fish law facts are also given.

Seasons for Game

Ducks and geese—September 16 to December 21. Limits, 15 ducks, 8 geese.

Mourning doves—September 1 to September 30. Limit, 15.

Pheasants—November 10 to 16, inclusive. Limit, 2 cocks.

Plovers—September 15 to December 31, inclusive. Limit, 15.

Prairie chicken—November 10 to 21, inclusive. Limit, 3.

Quail—November 10 to December 10, inclusive. Limit, 12.

Rails—September 16 to November 30, inclusive. Limit, 15.

Suipes—September 16 to December 31. Limit, 15.

Rabbits, central zone—November 10 to January 31. Limit, 15.

Squirrels, central zone—August 1 to December 1, inclusive. Limit, 12 a day.

Fur bearing animals, except muskrats, central zone—November 15 to February 1, inclusive.

Muskrats, central zone—November 15 to March 15, inclusive.

Use of ferrets, weasels and guinea pigs for hunting fur bearing animals, is prohibited.

The Fish Laws

The open season on black bass is between June 15 and March 1. Keeping of black bass less than ten inches long is prohibited.

Under the old law the following fish could be caught by any method but the new law permits the use of hook and line only: Bass, clack, rockwhite or striped; crappies, perch, sunfish, goggle eye or blue gill.

Length of fish other than bass are:

Buffalo, 15 inches; bullhead cat, 6 inches; carp, 15 inches; blue or channel cat, 13 inches; white perch, 10 inches; lake perch, 7 inches.

The following are protected against hook and line fishing: Pickerel, pike or pike perch commonly known as wall-eyed pike, Jack or yellow salmon.

Selne and net license for Illinois residents ranges from \$10 to \$25, a license fee of 50 cents is to be charged for resident hook and line fishing.

ICE CREAM SOCIAL

The ice cream social of the Young Ladies Sodality of St. Bartholomew church of Murrayville will be given tonight on the church lawn.

LOUISIANA HOTEL BOUGHT BY OSBORNE

Well Known Jacksonville Insurance Man Buys Louisiana, Missouri's Chief Hotel

C. A. Osborne, well known insurance man of this city, announced yesterday that he has purchased the Planters hotel in Louisiana, and will take possession next Sunday, July 1st.

The hotel is of three stories and has 40 guest rooms, and is regarded as the Missouri town's best hostelry. Mr. Osborne thinks that he has made an excellent investment. He will be assisted in the management of the hotel by his daughter and her husband, Mr. and Mrs. R. H. Covington.

The retiring owner of the hotel, A. T. Fuller, is in poor health and has managed the place for 14 years. The new owner has never been in the hotel business before, having been occupied by insurance for the past 35 years.

WHEAT HARVEST IN FULL SWING

Wheat harvest in Morgan county is now in full swing and a fair crop is prophesied although none are looking for a bumper crop on account of both hot weather and rust.

In some cases the binder is being run in reliefs both day and night the night work being done by a spotlight being attached to the binder.

Although there is work in the harvest fields for all who wish to work the labor situation is in no way critical as with the help now available the farmers as a rule would probably be able to care for the crop without loss.

Mrs. Samuel Shumaker of Roodhouse was in the city yesterday enroute to Franklin where she was called by the illness of her brother, C. E. Darling.

Mrs. Jerry Cox is visiting relatives in Liberty.
